

Typical Mills of the Simon System.

MESSRS. HOSKEN, TREVITHICK, POLKINHORN, & CO., LIM.,
VALLETORT MILL, PLYMOUTH.

The above illustration shows the Plymouth Mills of Messrs. Hosken, Trevithick, Polkinhorn & Co., Lim. This Mill contains a Twelve Sack per Hour Roller Plant on the Simon System and a complete Wheat Preparing Plant, consisting of the Simon Patent Wheat Washer and Stoner and Patent Wheat Dryers, &c.

The same firm also own another large Mill at Hayle, Cornwall, which is likewise fitted up on the Simon System with a Ten Sack per Hour Roller Plant and a complete Wheat Preparing Plant similar to the above, the latter being a repeat order given after about twelve months' experience with the first wheat preparing plant at Valletort Mills.

Burnt November 1896.
