

You may also be interested to learn that Somerset and Dorset Notes and Queries [a subscription magazine I spotted in the Devon & Exeter Institution, Exeter, today] has an article entitled 'Evidence of Dorset Mills and Millers in sixteenth and seventeenth century manorial records' Vol XXXV, part 359, 297-302. I can get it copied for you at 10p a sheet or maybe you'd prefer to contact the main library at Dorchester or Taunton?
