

| FWG-02492 (GB) | Mill (county, location, mill name) | Title (short description of image) | Reason for Priority | Year | Comments |
|-----------------------|---|---|----------------------------|-------------|---|
| FINLAND_01_01.jpg | Spain: Madeira | Finnish watermill showing stones | | late C20 | |
| FINLAND_01_02.jpg | Spain: Madeira | Ruins of unidentified watermill | | late C20 | |
| FINLAND_01_03.jpg | Spain: Madeira | Ruins of unidentified watermill showing remains of horizontal wheel | | late C20 | |
| FINLAND_01_04.jpg | Rumania | Interior of unidentified watermill showing stones | | late C20 | Note says this a horizontal mill |
| FINLAND_01_05.jpg | Rumania | Interior of unidentified watermill showing horizontal wheel | | late C20 | Note says this a horizontal mill |
| FINLAND_01_06.jpg | Rumania | Exterior of unidentified watermill building | | late C20 | Note says this a horizontal mill |
| FINLAND_01_07.jpg | Rumania: Sibiu | Unidentified post mill with multiple Portuguese-type sails | | late C20 | |
| FINLAND_01_08.jpg | Finland: Helsinki | Exterior of unidentified watermill building showing launder | | late C20 | Note says this a horizontal mill |
| FINLAND_01_09.jpg | Finland | Exterior of preserved post/hollow post mill with sails | | late C20 | Note calls this a "magpie mill" |
| FINLAND_01_10.jpg | Finland: Helsinki | Exterior of preserved smock mill with six sails | | late C20 | |
| FINLAND_01_11.jpg | Finland: Helsinki | View of preserved watermill building with launder | | late C20 | Mill is on stone supports with lower storey open; note says it is a horizontal mill |
| FINLAND_01_12.jpg | Finland: Uusikaupunki | View of preserved post mill with sails | | late C20 | Unusual substructure |
| FINLAND_01_13.jpg | Finland: Vasa | View of preserved post mill with sails | | late C20 | Appears to rest on brick trestle |
| FINLAND_01_14.jpg | Finland: Aaland Islands | View of preserved smock or tower mill with sails and tailpole | | late C20 | |
| FINLAND_01_15.jpg | Finland: Aaland Islands | Fine view of preserved open-trestle post mill with sails | | late C20 | |
| FINLAND_01_16.jpg | Mediterranean region (Porto Santo) | Curious Portuguese-type "smock" mill on stone base | | late C20 | Jib sails and conical cap |
| FOREIGN_01_01.jpg | Mediterranean region | Pair of windwheels with open-frame towers and jib sails | | late C20 | |
| FOREIGN_01_02.jpg | Unknown | Interior of wind- or waterwheel showing unidentified iron gearwheel | | late C20 | |

| | | | | | |
|-------------------|----------------------------|---|--|----------------|--|
| FOREIGN_01_03.jpg | Rhodes? | View of three Mediterranean-type tower mills, two with sails | | late C20 | |
| FOREIGN_01_04.jpg | Mediterranean region | Interior of windmill, possibly tower mill in next photo, showing miller with windshaft, brakewheel, stone nut and single pair of stones | Interesting view - tells something about mills of region | Oct-82 | |
| FOREIGN_01_05.jpg | Mediterranean region | View of stationary tower mill with multiple jib sails | | late C20 | |
| FOREIGN_01_06.jpg | Mediterranean region | Interior of windmill, possibly one in previous photo or a similar example, showing miller with machinery and single pair of stones | Interesting view - tells something about mills of region | Oct-82 | |
| FOREIGN_01_07.jpg | Mediterranean region | Interior of tower mill showing brakewheel, lantern pinion stone nut, stone and hopper | | late C20 | |
| FOREIGN_01_08.jpg | Mediterranean region | View of stationary tower mill with multiple jib sails (cloths missing) | | late C20 | |
| FOREIGN_01_09.jpg | Mediterranean region | Interior of stationary tower mill showing brakewheel, windshaft, lantern pinion stone nut and single pair of stones | | late C20 | |
| FOREIGN_01_10.jpg | Unknown | Interior of derelict watermill building | | late C20 | |
| FOREIGN_01_11.jpg | Unknown | Interior of derelict watermill building showing unidentified iron gearwheel | | late C20 | |
| FOREIGN_01_12.jpg | Med. Region? | Interior of unidentified watermill building showing miller's wife(?) | | late C20 | |
| FOREIGN_01_13.jpg | Med. Region? | Water leaving hole in unidentified watermill building | | late C20 | |
| FOREIGN_01_14.jpg | Mediterranean region | Curious wind engine with windwheel etc mounted on very narrow stone tower | Unusual mill | late C20 | |
| FOREIGN_01_15.jpg | Mediterranean region | Pair of fixed tower mills with multiple jib sails | | late C20 | |
| FOREIGN_01_16.jpg | Mediterranean region | Miller setting cloths on sails of fixed tower mill | | late C20 | |
| KEMPTOW_01_01.jpg | Sussex: Brighton, Kemptown | Exterior of steam mill | | 12th June 1975 | |
| KEMPTOW_01_02.jpg | Sussex: Brighton, Kemptown | View inside steam mill showing weighing machine | | 12th June 1975 | |

| | | | | | |
|-------------------|---|---|------------------------------|--------------------|--|
| KEMPTOW_01_03.jpg | Sussex: Brighton, Kemptown | View inside steam mill showing burr stone let into floor | | 12th June 1975 | |
| MILLSTO_01_01.jpg | Unknown | Pair of millstones with runner being raised for dressing | | late C20 | |
| MILLSTO_01_02.jpg | Unknown | Pair of millstones with runner being raised for dressing | | late C20 | |
| MILLSTO_01_03.jpg | Unknown | Pair of millstones with runner being raised/lowered during dressing | | late C20 | |
| MILLSTO_01_04.jpg | Unknown | Pair of millstones with runner being raised/lowered during dressing | | late C20 | |
| MILLSTO_01_05.jpg | Unknown | Pair of millstones with runner being raised/lowered during dressing | | late C20 | |
| MILLSTO_01_06.jpg | Unknown | Pair of millstones with runner being raised/lowered during dressing | | late C20 | |
| MILLSTO_01_07.jpg | Unknown | Pair of stones being dressed; wedges being inserted between bedstone and runner | | late C20 | |
| MILLSTO_01_08.jpg | Unknown | Bedstone being proofed prior to dressing | | late C20 | |
| MILLSTO_01_09.jpg | Unknown | Bedstone being proofed prior to dressing | | late C20 | |
| MILLSTO_01_10.jpg | Unknown | Cullin stone for Gibbons Mill (watermill, Sussex) in garden | | 1st June 1967 | |
| MILLSTO_01_11.jpg | Unknown | F W Gregory dressing millstone in garden | Shows compiler of collection | 1st June 1967 | |
| MILLSTO_01_12.jpg | Unknown | F W Gregory dressing millstone in garden | | 1st June 1967 | |
| MILLSTO_01_13.jpg | Unknown | F W Gregory dressing millstone in garden | | 1st June 1967 | |
| MILLSTO_01_14.jpg | Unknown (poss. Cross-in-Hand, Sussex) | Interior of mill building showing pair of millstones with man dressing one | | late C20 | |
| PHOTOCO_01_01.jpg | Sussex: Heathfield, Punnett's Town saw mill | View of smock sawmill in working order with other buildings of business | | late C19/early C20 | |
| PHOTOCO_01_02.jpg | Sussex: Mark Cross | Interior of tower mill after fire showing millstones and various items of machinery | Rare view | Dec-74 | |
| PHOTOCO_01_03.jpg | Sussex: Mayfield, Argos Hill | Postcard showing post mill in working order | | early C20 | |

| | | | | | |
|-------------------|------------------------------|--|-----------|----------------|--------------------------------------|
| PHOTOCO_01_04.jpg | Sussex: Mayfield, Argos Hill | Post mill in working order; miller with horse and cart in foreground | Good view | Dec-74 | |
| PHOTOCO_01_05.jpg | Sussex: Mark Cross | Tower of tower mill, ruined by fire, with windshaft, brake spider and other wreckage in foreground | | c1911 | |
| POLEGAT_01_01.jpg | Sussex: Polegate | Close-up view of cap and fanstage of tower mill under repair, taken from scaffolding | | 5th June 1967 | Note says cap is new |
| POLEGAT_01_02.jpg | Sussex: Polegate | Close-up view of skeleton fantail of tower mill under repair, taken from scaffolding | | 5th June 1967 | Stone Cross mill visible in distance |
| POLEGAT_01_03.jpg | Sussex: Polegate | Close-up of cap, fanstage and fantail of tower mill under repair | | 5th June 1967 | |
| POLEGAT_01_04.jpg | Sussex: Polegate | Close-up of front of cap and poll end of tower mill under repair | | 5th June 1967 | |
| POLEGAT_01_05.jpg | Sussex: Polegate | Close-up of cap, fanstage and fantail of tower mill under repair | | 5th June 1967 | |
| POLEGAT_01_06.jpg | Sussex: Polegate | New(?) sails and stocks in yard of tower mill | | 17th June 1967 | |
| POLEGAT_01_07.jpg | Sussex: Polegate | New(?) sails in yard of tower mill | | 17th June 1967 | |
| POLEGAT_01_08.jpg | Sussex: Polegate | New(?) sails in yard of tower mill | | 17th June 1967 | |
| POLEGAT_01_09.jpg | Sussex: Polegate | Tower mill under repair, with cap and fan on but sails and stage missing | | 10th June 1967 | |
| WATERMI_01_01.jpg | SE England | Part of disused/preserved watermill building with wheel | | late C20 | |
| WATERMI_01_02.jpg | Unknown | Section of internal framing of watermill building | | late C20 | |
| WATERMI_01_03.jpg | Unknown | ditto, also showing pair of stones | | late C20 | |
| WATERMI_01_04.jpg | Unknown | Stone floor of watermill showing two pairs of stones | | late C20 | |
| WATERMI_01_05.jpg | Unknown | Interior view of watermill showing bin and pulleys | | late C20 | |

| | | | | | |
|-------------------|------------------------------------|--|-----------------|----------|--|
| WATERMI_01_06.jpg | Unknown | Stone floor of watermill in 01.04 showing two pairs of stones and various unidentified structures | | late C20 | |
| WATERMI_01_07.jpg | Unknown | Interior view of watermill showing great spur wheel, governors, tentering gear and another gearwheel | | late C20 | |
| WATERMI_01_08.jpg | Unknown | Stone floor of watermill in 01.04/5, showing one of the unidentified structures which is now seen to be trunking encasing a shaft with gearwheel on it | | late C20 | |
| WATERMI_01_09.jpg | Unknown | Interior view of watermill showing various unidentified structures | | late C20 | |
| WATERMI_01_10.jpg | Unknown | Internal view of watermill showing spouts and partition with hole in it through which machinery can be glimpsed | | late C20 | |
| WATERMI_01_11.jpg | Unknown | Interior view of watermill showing governors and unidentified gearwheel as in 01.07 | | late C20 | |
| WATERMI_01_12.jpg | Kent: Dover, Crabble Mill | Part of preserved watermill building with wheel | | late C20 | |
| WATERMI_01_13.jpg | Kent: Dover, Crabble Mill | Preserved watermill building with wheel | | late C20 | |
| WATERMI_01_14.jpg | Kent: Dover, Crabble Mill | Preserved watermill building with wheel | | late C20 | |
| WATERMI_01_15.jpg | Kent: Dover, Crabble Mill | Part of preserved watermill building showing wheel and millrace | | late C20 | |
| WATERMI_01_16.jpg | Kent: poss. Ickham or Wickhambreux | Preserved or house-converted watermill building with group of people outside, and outbuilding scaffolded for repair | | late C20 | |
| WATERMI_02_01.jpg | SE England | Derelict weatherboarded watermill building | Evocative view. | Apr-74 | |
| WATERMI_02_02.jpg | Unknown | Ruined watermill building with wheel | | late C20 | |
| WATERMI_02_03.jpg | Unknown | Ruined watermill building with pit wheel | | late C20 | |
| WATERMI_02_04.jpg | Unknown | Interior of watermill building showing pit wheel and wallower | See comments | Apr-74 | Curious lantern pinion type structure beneath wallower |
| WATERMI_02_05.jpg | Unknown | Interior of watermill building showing pit wheel and wallower - detail | ditto | Apr-74 | ditto |
| WATERMI_02_06.jpg | Unknown | Interior of watermill building showing pit wheel and wallower - detail | | late C20 | |

| | | | | | |
|-------------------|--|--|-------|----------|---|
| WATERMI_02_07.jpg | Unknown | Interior of watermill building showing pit wheel and wallower - detail | ditto | Apr-74 | as 02.04-5 |
| WATERMI_02_08.jpg | Unknown | Unidentified watermill building with outhouse and chimney in wooded setting | | late C20 | |
| WATERMI_02_09.jpg | Unknown | Large preserved watermill building (tide mill?) | | late C20 | |
| WATERMI_02_10.jpg | Unknown | Part of large preserved watermill building in 02.10 showing outlets in wall for water flow | | late C20 | |
| WATERMI_02_11.jpg | Unknown (same mill as 02.09-10) | Large preserved watermill building (tide mill?) | | late C20 | |
| WATERMI_02_12.jpg | Unknown | Close-up of sluice gate(?) of watermill | | late C20 | |
| WATERMI_02_13.jpg | Unknown (prob. Wales/Northern England/Peak District) | Watermill building in good condition with wheel | | late C20 | |
| WATERMI_03_01.jpg | Unknown | Edge runner stones and associated gearing in watermill building | | late C20 | |
| WATERMI_03_02.jpg | Unknown | Edge runner stones and associated gearing in watermill building | | late C20 | |
| WATERMI_03_03.jpg | Unknown | Close-up of edge runner stones in watermill building | | late C20 | |
| WATERMI_03_04.jpg | Unknown | Discarded edge runner stones on ground | | late C20 | |
| WATERMI_03_05.jpg | Unknown | Discarded edge runner stones on ground | | late C20 | |
| WATERMI_03_06.jpg | Unknown | View of derelict timbers inside derelict windmill/watermill | | late C20 | Photo appears to show crosstrees(?) inside roundhouse of derelict post/hollow post mill |
| WATERMI_03_07.jpg | Unknown | View of unidentified gearing inside derelict watermill | | late C20 | |
| WATERMI_03_08.jpg | Unknown | View of unidentified gearing inside derelict watermill | | late C20 | |
| WATERMI_03_09.jpg | Unknown | Exterior of watermill building with wheel | | late C20 | |
| WATERMI_03_10.jpg | Unknown (prob. Foreign) | Exterior of half-timbered and thatched watermill building with wheel | | late C20 | |
| WATERMI_03_11.jpg | Unknown (prob. foreign) | Exterior of half-timbered and thatched watermill building with wheel | | late C20 | |
| WATERMI_03_12.jpg | Unknown (prob. Foreign) | Exterior of half-timbered and thatched watermill building with wheel | | late C20 | |

| | | | | | |
|-------------------|--------------------------------------|--|--------------------------|----------|--------------------------------|
| WATERMI_03_13.jpg | SE England? | View of part-wood, part-stone watermill building, preserved, with wheel | | late C20 | |
| WATERMI_03_14.jpg | Foreign (USA) | Preserved watermill building with wheel | | late C20 | |
| WATERMI_04_01.jpg | prob. Foreign | Preserved watermill building with wheel and launder | | late C20 | |
| WATERMI_04_02.jpg | Unknown | Interior view of watermill showing pair of stones on hurst frame with associated gearing | | late C20 | |
| WATERMI_04_03.jpg | Unknown | Part of watermill building with wheel | | late C20 | Wheel is wider than it is high |
| WATERMI_04_04.jpg | Unknown | View of sieves(?) inside watermill building | | late C20 | |
| WATERMI_04_05.jpg | Unknown | View of carved woodwork inside watermill building | | late C20 | |
| WATERMI_04_06.jpg | Unknown (prob. Foreign) | Interior of watermill building showing two horizontal Norse-type waterwheels | | late C20 | |
| WATERMI_04_07.jpg | Unknown (prob. Foreign) | Watermill building shown in previous image, showing open substructure | | late C20 | |
| WATERMI_04_08.jpg | Unknown (foreign?) | Part of watermill building with wheel | | late C20 | |
| WATERMI_04_09.jpg | Unknown | Interior of watermill building showing tilt hammers (?) | | late C20 | |
| WATERMI_04_10.jpg | Unknown (foreign?) | Part of watermill building with wheel | | late C20 | |
| WATERMI_04_11.jpg | Unknown (foreign?) | Part of watermill building showing wheel on shaft with cams | Cams are unusual feature | Jul-79 | |
| WATERMI_04_12.jpg | Unknown | Interior of watermill building showing unidentified gearing | | late c20 | |
| WATERMI_04_13.jpg | Unknown | Preserved watermill building with two waterwheels | Interesting view | Jul-79 | |
| WATERMI_04_14.jpg | Unknown | Preserved watermill building with wheel | | late C20 | |
| WATERMI_05_01.jpg | Unknown: Clodock Mill | Preserved watermill building with wheel | | late C20 | |
| WATERMI_05_02.jpg | Unknown: Clodock Mill | Preserved watermill building with wheel | | late C20 | |
| WATERMI_05_03.jpg | Wales: Monmouthshire, Skenfrith Mill | part of watermill building with wheel | | late C20 | |
| WATERMI_05_04.jpg | Wales: Monmouthshire, Skenfrith Mill | Unidentified mill race | | late C20 | |
| WATERMI_05_05.jpg | Wales: Monmouthshire, Skenfrith Mill | Unidentified mill race | | late C20 | |
| WATERMI_05_06.jpg | Wales: Monmouthshire, Skenfrith Mill | View of mill race with buildings nearby | | late C20 | |

| | | | | | |
|-------------------|---|--|------------------------------|----------|--|
| WATERMI_05_07.jpg | Foreign: Royario | Part of large industrial building, presumably watermill | | late C20 | |
| WATERMI_05_08.jpg | UK | Large watermill building (tide mill?) by river | | late C20 | |
| WATERMI_05_09.jpg | UK | Large watermill building, partly boarded, by pond with chimney | | late C20 | |
| WATERMI_05_10.jpg | UK | Interior of watermill showing stones and unidentified gearing | | late C20 | |
| WATERMI_05_11.jpg | UK | Pit wheel, wallower and great spur wheel of unidentified watermill | | late C20 | |
| WATERMI_05_12.jpg | UK | Part of watermill building showing outlet hole for water in wall | | late C20 | |
| WATERMI_05_13.jpg | Yorkshire: Skipton, George Leatt's Mill | Exterior view of preserved watermill buildings | | late C20 | |
| WATERMI_05_14.jpg | Unknown | Exterior view of part-boarded watermill building by river with wheel | | late C20 | |
| WATERWH_01_01.jpg | Unknown | Interior view of watermill building showing tilt hammer | | late C20 | |
| WATERWH_01_02.jpg | Unknown | part of watermill building showing wheel and launder | | late C20 | |
| WATERWH_01_03.jpg | Unknown (foreign?) | View of watermill-like structure with wheel and launder | Interesting view | Jul-79 | |
| WATERWH_01_04.jpg | Unknown | Interior of watermill building showing top half of waterwheel, pit wheel, wallower and upright shaft | | late C20 | |
| WATERWH_01_05.jpg | Unknown | Part of watermill building showing wheel | | late C20 | |
| WATERWH_01_06.jpg | Unknown | Wheel of watermill with pipe beside it, seen from above | | late C20 | This view appears elsewhere in collection |
| WATERWH_01_07.jpg | Unknown | Part of watermill building showing derelict wheel with buckets missing | | late C20 | |
| WATERWH_01_08.jpg | Unknown | ditto | | late C20 | |
| WATERWH_01_09.jpg | Unknown | Part of watermill building showing wheel | | late C20 | |
| WINDMIL_01_01.jpg | Finland | Post mill with multiple jib sails | | late c20 | Seen earlier in this file in "Finland" section |
| WINDMIL_01_02.jpg | Finland | Post-type mill with six sails | | late C20 | |
| WINDMIL_01_03.jpg | Finland/Sweden | Very small thatched post mill, preserved | Intriguing and engaging view | Jul-79 | |

| | | | | | |
|-------------------|-----------------------------------|--|---|------------------|---|
| WINDMIL_01_04.jpg | Finland/Sweden (open-air museum?) | Very small thatched post mill, preserved, with smock(?) type mill, also preserved, in background | ditto | Jul-79 | Post mill hardly big enough for one person to stand up inside |
| WINDMIL_01_05.jpg | France? | Smock mill in working order | If this is a French smock mill it's unusual | Sep-75 | Conical cap suggests France |
| WINDMIL_01_06.jpg | USA? | View of preserved smock mill with sails | | late C20 | Looks like some preserved mills known to exist in States |
| WINDMIL_01_07.jpg | France: Endevon, Narbon Windmill | Preserved tower mill with sails | | 28th August 1974 | |
| WINDMIL_01_08.jpg | France, Beauce region | Preserved post mill with sails | | late C20 | |
| WINDMIL_01_09.jpg | France, Beauce region? | Preserved post mill with sails | May assist identification: good view | Sep-74 | Mill apparently still in use, but looks slightly dishevelled |
| WINDMIL_01_10.jpg | France, Beauce region | Preserved post mill with sails | Interesting double panniers on tail | Sep-74 | |
| WINDMIL_01_11.jpg | France, Beauce region | Preserved post mill with sails, photographed at work | | late C20 | |
| WINDMIL_01_12.jpg | France, Picardy | Derelict "cavier" hollow-post mill with remains of sails | Evocative view. | Sep-74 | |
| WINDMIL_01_13.jpg | France, Beauce region, Oucques | Small open-trestle post mill, derelict and leaning | | late C20 | |
| WINDMIL_01_14.jpg | France, Brittany | Preserved or house-converted "petit pied" tower mill with sails and tailpole | | late C20 | |
| WINDMIL_01_15.jpg | France, Beauce region, Talcy | Post mill under reconstruction, with only trestle and frame of superstructure standing | | 1970s | |
| WINDMIL_01_16.jpg | France, Beauce region, Maves | Derelict open-trestle post mill without sails | | 1960s or 1970s | |
| WINDMIL_01_17.jpg | France, Picardy | Preserved "cavier" hollow-post mill | | late C20 | |
| WINDMIL_01_18.jpg | France, Beauce region? | Derelict post mill with sails | May assist identification | Sep-74 | |
| WINDMIL_01_19.jpg | France, Picardy | Preserved "cavier" hollow-post mill | | late C20 | |
| WINDMIL_01_20.jpg | France, Picardy | "Cavier" hollow-post mill, recently restored | | late C20 | |

| | | | | | |
|-------------------|--|--|---------------------------|-----------------|---|
| WINDMIL_02_01.jpg | France | Preserved/house-converted tower mill with sails, with what appears to be tower of another mill, with conical cap but no sails, in background | May assist identification | Sep-74 | |
| WINDMIL_02_02.jpg | Camb: Great Gransden | Derelict open-trestle post mill with remains of stocks | | 15th April 1969 | |
| WINDMIL_02_03.jpg | Sussex: Clayton, "Jill" mill | Preserved post mill with men working on sails | | 1970s? | |
| WINDMIL_02_04.jpg | Kent: Chillenden | Preserved post mill with part of one sail missing | | c1972 | |
| WINDMIL_02_05.jpg | Sussex: Punnett's Town, Blackdown or Cherry Clack Mill | Preserved smock mill with sails | | early 1970s | |
| WINDMIL_02_06.jpg | Sussex: Punnett's Town, Blackdown or Cherry Clack Mill | Preserved smock mill with sails | | 8th June 1975 | Note on slide says new sweeps just fitted |
| WINDMIL_02_07.jpg | Sussex: Icklesham, Hog Hill Mill | Preserved post mill with sails | | 1970s | |
| WINDMIL_02_08.jpg | Sussex: Icklesham, Hog Hill Mill | Preserved post mill with sails | | 1970s | |
| WINDMIL_02_09.jpg | Sussex: Icklesham, Hog Hill Mill | Preserved post mill with sails | | 1970s | |
| WINDMIL_02_10.jpg | Sussex: Icklesham, Hog Hill Mill | Preserved post mill with sails | | 1970s | |
| WINDMIL_02_11.jpg | Kent: Rolvenden | Preserved post mill with one sail missing (on ground in foreground) and damaged boarding on roof | | c1975? | Mill had no sails at around that time |
| WINDMIL_02_12.jpg | Kent: Rolvenden | Preserved post mill with one sail missing | | c1975? | |
| WINDMIL_02_13.jpg | Sussex: West Blatchington | Preserved smock mill scaffolded for repairs | | 1970s | |
| WINDMIL_02_14.jpg | Sussex | Unidentified piece of ironwork on gallery of smock mill | | late C20 | |
| WINDMIL_03_01.jpg | Sussex: Keymer, Oldland Mill | Disused post mill with two sails | | 1970s | |
| WINDMIL_03_02.jpg | Sussex: Pagham, Nyetimber Mill | Derelict tower mill with cap | | c1960 | |
| WINDMIL_03_03.jpg | Sussex: Dallington | Surviving portion of base of former smock mill | | late C20 | |

| | | | | | |
|-------------------|-----------------------------------|--|--|----------|-----------|
| WINDMIL_03_04.jpg | Sussex: Lewes, Smart's Mill? | Surviving smock mill base | | late C20 | |
| WINDMIL_03_05.jpg | Sussex: Patcham, Waterhall Mill | House-converted tower mill with sails | | c1960? | |
| WINDMIL_03_06.jpg | Sussex: Chailey, South Common? | Surviving ruined base of smock mill | | 1960s? | |
| WINDMIL_03_07.jpg | Sussex: Angmering | Derelict tower of windwheel standing above barn, mechanism intact but sails gone | | c1960 | |
| WINDMIL_03_08.jpg | Sussex: West Chiltington | House-converted smock mill with two sails | | c1960 | |
| WINDMIL_03_09.jpg | Sussex: Shipley | Preserved smock mill with sails | | c1960 | |
| WINDMIL_03_10.jpg | Sussex: Battle, Caldbec Hill Mill | House-converted smock mill with cap and stocks | | c1960 | |
| WINDMIL_03_11.jpg | Sussex: Sullington Warren | Unidentified person standing by windshaft from former post mill | | c1960 | |
| WINDMIL_03_12.jpg | Sussex | Surviving trestle and roundhouse of post mill | | 1960s | |
| WINDMIL_03_13.jpg | Sussex: Icklesham, Hog Hill Mill | Preserved post mill with stocks | | 1960s? | |
| WINDMIL_03_14.jpg | Sussex: Crowborough, Pratt's Mill | Truncated and house-converted tower of tower mill | | 1960s? | |
| WINDMIL_03_15.jpg | Sussex: West Ashling? | Part of watermill building | | 1960s? | |
| WINDMIL_03_16.jpg | Sussex: Nutley | Disused open-trestle post mill with sail frames | | 1960s? | |
| WINDMIL_03_17.jpg | Sussex: Baldslow | House-converted stump of smock mill | | 1960s? | |
| WINDMIL_03_18.jpg | Sussex | Remains of flint roundhouse of post mill/base of smock mill | | 1960s? | |
| WINDMIL_03_19.jpg | Sussex: Boxgrove, Halnaker Mill | Preserved shell of tower mill with cap and sails | | 1960s? | |
| WINDMIL_03_20.jpg | Sussex: Patcham, Waterhall Mill | House-converted tower mill with sails | | 1960s? | |
| WINDMIL_04_01.jpg | Sussex: Shipley | Preserved smock mill with sails dressed with bunting | | 1970s? | Rear view |
